

More House School Sixth Form Results Summer 2025

Last updated 1600hrs 18.08.2025

PRESS RELEASE

Impressive results for neurodivergent students

Upper Sixth students at Frensham's More House School have, yet again, overcome the challenges posed by their literacy and developmental language-related weaknesses, and associated special educational needs (SEND), to achieve remarkable success in their public exams and university entry.

Celebrated nationally as a centre of excellence for aspirational special needs education, More House School, near Farnham in Surrey, stands as the UK's largest specialist school. Now with more than 500 pupils on roll, including a significant number of boarders, the school supports students with literacy and language-based SEND to access an ambitious mainstream, academic curriculum, thriving in response to the school's innovative approach to bespoke and inclusive adaptive teaching.

The large majority of More House's Year 13 leavers will now progress to universities, studying courses as diverse as Animation, Architectural Design, Cybersecurity, Engineering, Film Production, Fine Art, Geography, International Business, Mathematics, Music, Photojournalism, Wildlife Ecology and Conservation. They have accepted offers from a breadth of universities, including the University of Oxford and the famous music conservatoire, Trinity Laban. Others have secured apprenticeships or other training pathways, and some have exciting gap-year plans before they take up their offers.

Headmaster, Mr Hetherington, who in addition to his role at More House is about to take up the post of National Chair of the Independent Schools Association, commented *"Our students have demonstrated remarkable dedication, perseverance, and commitment to their education, in the face of great disadvantage. They deserve to feel proud of their remarkable achievements."*

Despite 100% of the school's students facing additional learning challenges, they posted a fantastic 88% pass rate at A' Level and the equivalent Level 3 BTEC qualifications. 71% of certificates awarded to More House students were at grades A* to C or the BTEC equivalent Distinction* to Merit. This represents a 20% increase on the school's 2024 results. 82% of this year's Upper Sixth candidates are subject to Education, Health and Care plans (EHCPs), representing a high level of complexity in terms

More House School is firmly committed to safeguarding children | Registered Charity No. 311872 | Company Reg: London 00523768

of their Special Educational Needs. Nevertheless, 100% of BTec candidates passed their courses, and 88% of A' Level courses secured passes.

Impressively, 21% of A' Level and BTec results awarded to More House students were at the highest grades of A* and A, or Distinction* and Distinction. 42% of their BTec certificates matched this standard, as did 12% of More House School's A' Level certificates. An incredible 88% of Level 3 BTec results were at Distinction* to Merit (equivalent to A* to C at A' Level).

Mr Hetherington praised not just his students, but celebrated *"the expertise and skill of school staff and volunteers in all roles"*, which he recognised as being *"a vital component in realising such fantastic outcomes for students"*.

More House School is approved by the Council for the Registration of Schools Teaching Dyslexic Pupils (CReSTeD) and is judged to be Outstanding in every category by the government's school's inspectorate, Ofsted (March 2023 and December 2024). The school is a registered charity providing places for children with complex special educational needs from nearly 30 local authorities. The school is considered a leader in providing specialist training (including CPD-accredited Level 3 and 4 courses) for teachers, special needs coordinators and school leaders in state-maintained and independent settings across the country.

The outcomes of this summer's results day reflect More House School's unwavering dedication to its mission: empowering pupils with SEND to transform their futures. Mr Hetherington stated, *"These young people continue to inspire, through their perseverance and growth; the school community sends its congratulations to all students, and wishes them the very best of luck as they embark on the next chapter of their journeys."*
